

Fact Sheet
Air Suspension Compressors

DLK 10

DLK 10

Fact Sheet

COMPONENT LEVEL

Best-in-class product for applications like:

- Checking tire pressure
- Inflating (temporary) spare tires
- Compressors in tire fit systems
- Sensor-cleaning for autonomous driving

PRODUCT FEATURES

Main functions:

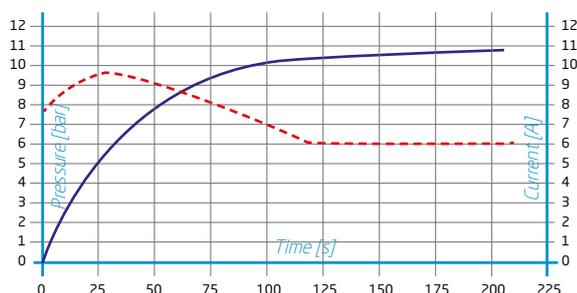

- Single-piston principle
- Pressure range: up to 10 bar

TECHNICAL DATA

Technical Data	DLK 10
Voltage	DC 13,5 V
Power input	135 W
On-board power supply fuse	10 A
Max. duty time	5 mins
Volume: Reservoir ≈ Tires	1 l reservoir: 0 - 6 bar in 1 mins
Operating temperature	-30°C - +80°C
Voltage range	10 V - 15 V
Pressure range	0...10 bar
Air drying	optional
Weight	0,6 kg
Electr. connection	Flat connector for cable lug
Pressure hose	Connector for hose 6 x 1 mm

1-liter reservoir
