

Fact Sheet
Air Suspension Compressors

DLK 14

DLK 14

Fact Sheet

COMPONENT LEVEL

Best-in-class product for applications like:

- Checking tire pressure
- Inflating (temporary) spare tires
- Compressors in tire fit systems
- Sensor-cleaning for autonomous driving

PRODUCT FEATURES

Main functions:

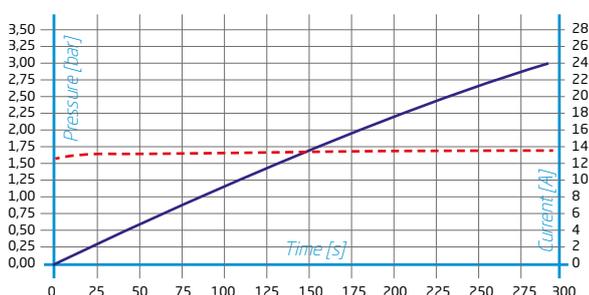

- Single-piston principle
- Pressure range: up to 3 bar

TECHNICAL DATA

Technical Data	DLK 14
Voltage	DC 12 V
Power input	180 W
On-board power supply fuse	15 A
Max. duty time	10 mins
Volume: Reservoir ≈ Tires	35 l reservoir: 0 - 2,8 bar in 5 mins
Operating temperature	-30°C - +70°C
Voltage range	9 V - 15 V
Pressure range	0...3 bar
Air drying	-
Weight	1,2 kg
Electr. connection	Safety universal connector for cigarette lighter and on-board power supply socket
Pressure hose	Flexible, length 500 mm, integrated pressure gauge, VG8 tire connection

35-liter reservoir
