

Fact Sheet
Air Suspension Compressors

DLK 25

DLK 25

Fact Sheet

COMPONENT LEVEL

Best-in-class product for applications like:

- Checking tire pressure
- Inflating (temporary) spare tires
- Compressors in tire fit systems
- Sensor-cleaning for autonomous driving

PRODUCT FEATURES

Main functions:

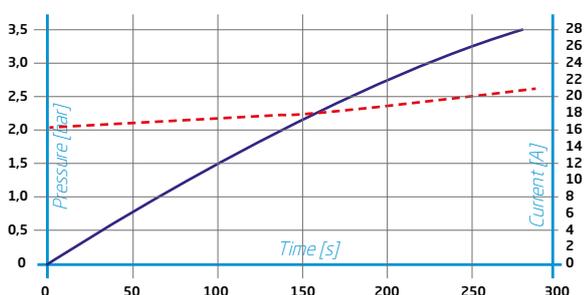

- Single-piston principle
- Pressure range: up to 5,75 bar

TECHNICAL DATA

Technical Data	DLK 25
Voltage	DC 12 V
Power input	300 W
On-board power supply fuse	25 A
Max. duty time	17 mins
Volume: Reservoir ≈ Tires	50 l reservoir: 0 - 3,5 bar in 5 mins 80 l reservoir: 0 - 5,75 bar in 17 mins
Operating temperature	-30°C - +70°C
Voltage range	9 V - 15 V
Pressure range	0...5,75 bar
Air drying	-
Weight	1,8 kg
Electr. connection	Crocodile clips for battery
Pressure hose	Flexible, length 500 mm, integrated pressure gauge, VG8 tire connection

50-liter chamber
